## Ethical statement of the Economic Science Association

The ESA condemns harassment, abuse of power and all forms of discrimination based on gender, ethnicity, race, sexual orientation, religious affiliation, age, national origin, disability status, or any criteria unrelated to scientific matters. It does not tolerate them from the authorities of the association, from its members or from anyone attending its conferences and workshops or engaged in the publication process in the journals of the society.

As defined by the American Economic Association, unacceptable behavior includes, but is not limited to:

- solicitation of emotional or physical intimacy despite expressions or indications that it is unwelcome;
- solicitation of emotional or physical intimacy accompanied by real or implied threat of personal or professional harm;
- intentionally intimidating, threatening, harassing, or abusive actions or remarks, both spoken and in other media;
- prejudicial actions or comments that undermine the principles of equal opportunity, fair treatment, or free academic exchange.

None of these restrictions are intended to stifle the open exchange and discussion of ideas; instead, we aim to ensure that all members of the association are able to participate fully in such discussion.

When members of ESA become aware of professional misconduct, harassment, discrimination, lewdness, or any form of unacceptable behavior in the context of events or activities organized or endorsed by the ESA, they may report it to any ESA points of contact. Contact points are the members of the ESA Executive Committee (see [https://www.economicsscience.org/executive\\_committee.php](https://www.economicsscience.org/executive_committee.php)) and ESA mentors, as well as the ESA Ethics Officer (see <https://www.economicsscience.org/committees.php>).

## Information about presentations

- Each design talk is allocated a 22-minute slot: 15 minutes for the oral presentation, followed by 7 minutes for discussion with the audience.
- Each regular talk is allocated a 30-minute slot: 25 minutes for the oral presentation, followed by 5 minutes for discussion with the audience.
- The final speaker listed in each parallel session will serve as session chair and will be responsible for ensuring that the session runs smoothly and on time.
- All rooms are equipped with a touch-sensitive digital board, a whiteboard with markers, and a pointer.
- For IT security reasons, participants will not be allowed to use their own computers to project slides.
- Presentations should be sent at least 48 hours before the scheduled presentation time to: [oumaima.mhimdat@um6p.ma](mailto:oumaima.mhimdat@um6p.ma).
- Sessions must finish on time, and the presentation order should be respected in order to facilitate transitions between parallel sessions.

## Information about social events

- For the visit of the Medina on Monday, a bus will provide transportation between the campus and the Medina. Once in the Medina, professional guides will lead four groups on a 1-hour 30-minute guided visit.

Participants will also have 1 hour 30 minutes of free time on site for lunch. There are many snack places and restaurants in and around the Medina.

We recommend that participants download a map of the Medina to their phone in advance, so that they can easily find their way from their lunch location back to the bus meeting point.

- For the visit of Chellah on Tuesday, a bus will provide transportation from the campus to Chellah, then from Chellah to Tour Hassan Palace, and finally back to the campus.

At Chellah, professional guides will lead three groups on a guided visit.

## Information about campus access

- An ID document is required to access the campus, where both the conference venue and the hotel are located.
- The campus address is: Rocade Rabat-Salé, Rabat.
- Please note that it is strictly prohibited to bring alcohol onto campus, even in sealed or locked containers.
